Summary of Legislation: This bill provides that an individual may request an indication of the individual's veteran status or active military or naval service status on the individual's driver's license or state identification card. (Current law provides only for an indication of veteran status.)

Effective Date: July 1, 2015.

Explanation of State Expenditures: *Summary:* Including the designation on BMV credentials could increase one-time BMV Commission Fund expenditures by a maximum of \$10,000.

Additional Information: Currently, the Bureau of Motor Vehicles (BMV) offers credentials with designations for veterans. Under the bill, this designation will be extended to active military and naval service members.
